

12th Stable Isotope Network Austria (SINA) Meeting

15th & 16th NOVEMBER 2013,
Graz University of Technology

The 12th **Austrian Stable Isotope User Group Meeting** is jointly organized by the Institute of Applied Geosciences (Graz University of Technology), the Institute of Earth Sciences (Graz University) and RESOURCES - Institute for Water, Energy and Sustainability (Joanneum Research).

Stable isotope analyses provide exciting new approaches in a variety of current research topics ranging from Earth and Biological to Forensic and Medical Sciences. This meeting aims to bring together researchers and students in an informal workshop-like atmosphere to improve communication and interaction within and across disciplines and institutions. The meeting will include invited and contributed talks, as well as poster presentations.

Date and Venue

The meeting will take place on 15th November 2013, 14-18 hrs. and 16th November 2013, 9-16 hrs. The conference will be held at **Lecture Hall 2, Alte Technik Campus**, Rechbauerstraße 12, 8010 **Graz**.

Registration

Please register electronically at www.sina2013.info. Registration and submission of abstracts are open until **1st October 2013**. The registration fees are 25.-€ to be paid at arrivals or at IBAN: AT87 12000 50400075444; BIC: BKAUATWW.

Scientific program

The meeting will consist of three blocks of oral sessions, covering *Earth Sciences, Biological Sciences* and *Miscellaneous & Emerging Techniques*.

Keynote lectures will be given by:

- **Martin Elsner** (Helmholtz Zentrum München): "Investigating degradation of groundwater contaminants with compound-specific isotope analysis"
- **Christoph Spötl** (Innsbruck University): "Stable isotopes and climate change: a geologist's view"
- **Anton Eisenhauer** (Geomar, Kiel): "Non-Traditional Isotope Systems: New scientific frontiers for the Earth and Live Sciences"

Abstract submission

Regular oral presentation will be a 20-minutes talk (including 5 min discussion). Posters are welcome and each poster will be presented by a 3 min "speed" presentation in front of the poster. Abstracts of all presentations (oral and posters) should be sent by e-mail as attachment (word format) to: abstract@sina2013.info and should include title, authors, affiliation and abstract (maximum 350 words). It is possible to include small illustrations. Abstracts will be provided by the organizers as download on this website and in print form at the meeting.

Accommodation

Participants can find general info on Graz accommodations (all categories), e.g. at www.graztourismus.at.

Organizing committee

MARTIN DIETZEL
Institute of Applied Geosciences
Graz University of Technology
